

Diabetes in schools and early childhood settings 2017

This program offers key staff in schools and early childhood settings the opportunity to expand their knowledge and become more confident in supporting and facilitating the day-to-day experience of young people with type 1 diabetes in their care. Sessions will include information about diabetes and diabetes management, and practical workshops covering a variety of specialised topics in more detail including monitoring, pumps, and camps.

Please visit our online events calendar diabetesvic.org.au/events to book into the program. Payment for the program needs to be made at the time of registration to confirm your booking.
